## Summer Student Newsletter From President DeBow Freed

Volume 3, Issue 2

August 2006

## STUDENTS BEGIN ARRIVING ON CAMPUS

Resident director Kevin Kramer, junior forensic science major, and resident assistant Brittany Davis, junior photography major, both pictured above, spent their summer on campus taking classes and helping out with the many camps that took place at UF during the past few months.

Gearing up for the new school year, Kramer and Davis are helping with check-in for students who arrive on

campus early.

When asked what they are looking forward to with the start of the new academic year, both agreed that helping students tops the list.

"I really like helping students. I'm there to listen," said Davis. Kramer added, "I enjoy helping students make new friends and build a sense of community on campus."

Above, Heather Speicher, junior pre-medicine major, works with DeeDee Spraw, director of alumni and parent relations, in the University's development office. "I love UF because of the attention I receive from professors, and the campus makes me feel at home," said Speicher.

Left, football players Tim Horstman and David Greenslait were among the first group of students to arrive on campus. After settling into their residence hall room, the two plan on staying busy with football practice and games.

## THE CAVE RECEIVES NEW LOOK

Anticipated to be completed by the end of August, the Cave is receiving a new look and the addition of Jazzman's Café, a coffee station with a variety of menu options.

Jazzman's Café will serve espresso beverages, brewed coffees, smoothies and other specialty beverages. Other menu items will include soup, bagels,

Dave Harr, director of dining services, stands in The Cave with his Jazzman's Café travel coffee mug where the new coffee station will soon be located.

muffins, brownies, cookies, biscotti, scones and turnovers. Jazzman's Café will play soft background jazz music.

The Cave will continue with its current menu of breakfast items, regular sandwiches, subs, popular wraps, salads, baked goods and a variety of other food and beverage items.

The Cave is receiving new carpeting and flooring, as well as new tables and chairs in the main dining area. The lower level will have new upholstered couches and chairs.

The Cave's new hours will be Monday through Friday from 8 a.m. to midnight. Weekend hours will be determined by customer need.

The Cave is an all-purpose meeting place and snack bar which serves the campus community. It is located in the Alumni Memorial Union.

*The mission of The University of Findlay is to equip our students for meaningful lives and productive careers.*

# NEW FACULTY

## College of Business

**Patricia Abels, M.B.A.**, assistant professor of accounting and business.

**Scott Freehafer, Ph.D.**, assistant professor of business.

**Nabarun Ghose, Ph.D.**, professor of marketing and business.

**Paul Sears, Ph.D.**, dean of the College of Business and professor of business.

## College of Education

**Penny Soboleski, M.Ed.**, instructor of education.

## College of Liberal Arts

**Chris Underation, M.A.**, assistant professor of communication.

**Dr. Dennis Stevens, Ph.D.**, dean of the College of Liberal Arts and professor of political science.

**Sara Lingvai, M.Pa.**, instructor and clinical coordinator of physician assistant program.

**Wendy Walkosky, Ph.D.**, assistant professor of athletic training and clinical coordinator.

**Lori Kloman Williamson, A.A.**, instructor and clinical coordinator of nuclear medicine.

## School of Pharmacy

**Joseph Crea, Ph.D.**, assistant professor of pharmacy and medical director for physician assistant program.

**Dr. Srikumaran Melethil, Ph.D.**, professor and chair of pharmaceutical sciences.

**Debra Parker, DPharm**, assistant professor of pharmacy practice and director of drug information center.

**John Stanovich, BPharm**, assistant dean of pharmacy.

## College of Sciences

**Dr. Hafed Bascal, Ph.D.**, assistant professor of chemistry.

**Dr. Mahmoud Raweshdeh, Ph.D.**, assistant professor of mathematics.

**Amanda Smith, B.S.**, English riding instructor.

**Dr. Pamela Warton, Ph.D.**, associate professor of mathematics.

# STUDENTS GAIN HANDS-ON EXPERIENCE IN INTERNSHIPS

Senior Erica Rife, business administration major, is gaining hands-on experience with the Boston Celtics as the team's only public relations/media service summer intern. Rife has had the opportunity to work during the 2006 NBA draft, during the first Boston Celtics dance auditions and during preparations for press conferences.

Senior Kelly Keefer, hospitality management major, is working this summer as the head of public areas at the Kalahari Resort and Convention Center in Sandusky, Ohio. "I have learned some very valuable hands-on techniques to managing that can easily be carried over next year when I manage in The Village Café," said Keefer, referring to the on-campus restaurant operated by the University's hospitality management students and faculty.

# DEANS WELCOME STUDENTS

"I am looking forward to the coming year and meeting as many students as possible. The faculty in the College of Business are working on a number of exciting new educational initiatives designed to enhance the professional quality of our offerings, like the visiting executives program, which will launch in October," — Dr. Paul Sears, dean of the College of Business.

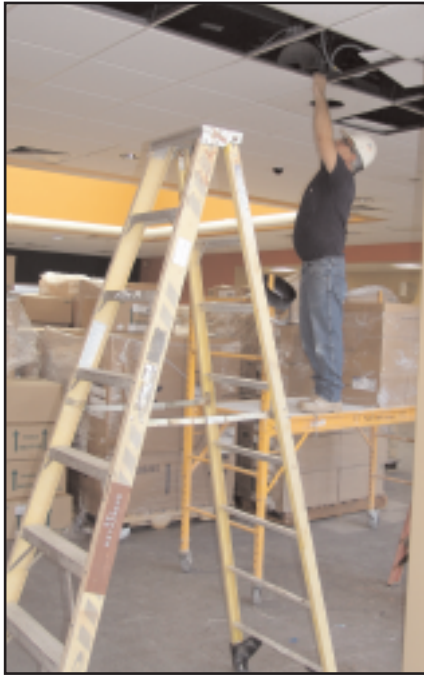

"As students set off to class with fresh notebooks, pencils and pens, I hope each one will take advantage of the unique opportunity that the academic environment offers to start fresh with new classes, renewed friendships and revitalizing chances to engage in activities and experiences that are personally challenging as well as rewarding," — Dr. Lisa Dutton, dean of the College of Health Professions.

"Fall on a college campus is always a time of reunion and challenge. We are all getting back together, none more so than pharmacy at Findlay this year. Our success with accreditation this summer means our students and faculty will share our first official opening day," — Dr. Don Stansloski, dean of the School of Pharmacy.

# RENOVATIONS CONTINUE ON CAMPUS

Photography by Anne Risser Lee

*At left, work continues on the newly remodeled Davis Street building, which will house classrooms, laboratories and office space.*

*Travis Womer walks a horse through the new Western farm barn, which will house new stalls and a new riding arena.*

*Crystal Jones, UF's Campus Compact coordinator, takes a quick break for a photo while moving her office to 334 Davis St. Many students worked with Jones last year in her capacity as Americorps/Vista campus and community collaboration leader. In her new position, she will coordinate community service initiatives and programs for both individuals and organizations.*

*Dr. Mary Cameron, associate professor of education and director of the intervention specialists program, finishes packing up her office on Cory Street, preparing for the move to her new office in the Davis Street building.*

*Camp counselors LaDonna Weir and Brent Beyers lead campers in morning activities during Lively Activities for Fun and Fitness (L.A.F.F.) Camp June 19-23. The day camp, organized by members of UF's occupational therapy program, teaches kids how to make healthy choices for a healthy lifestyle.*

*Junior Kenny Kaufman, junior Jared Adams and sophomore Anthony Fields arrived on campus to start football practice. They checked in at Lovett residence hall to get their room keys and paperwork.*
